**THANK YOU** for purchasing Edward O. Thorp's **REAL BLACKJACK**. You will find its features and play realistic and exciting. Beginner and intermediate players will discover new and important skills. Everyone will be fascinated by the ability to create and manage new and interesting strategies. You are now invited to play our version of **BLACKJACK**, the world's most popular Casino game!

---

### INSTALLATION INSTRUCTIONS

UNAUTHORIZED DUPLICATION OF PROGRAMS AND MATERIALS IN THIS PACKAGE IS ILLEGAL AND IN VIOLATION OF U.S. AND INTERNATIONAL COPYRIGHT LAWS.

1. a) Boot up computer normally using your **DOS**.  
b) Make backup copies of the enclosed disks and label them appropriately.
2. To use on a hard disk drive:
  - a) Create a directory or subdirectory on the desired hard disk drive (you could call this directory "**REALBLJK**").
  - b) Copy the entire contents of the two 5 1/4" disks or the single 3 1/2" disk to the new directory.
  - c) Make sure the new directory is the current directory.
  - d) Type **REALBLJK** and press **ENTER**.
3. To use on a 3 1/2" drive:
  - a) Place backup game diskette in drive A:, change drive specification to A:. Type **REALBLJK** and press **ENTER**.
  - b) You must leave the diskette in the drive while playing the game.
4. To use on a HIGH DENSITY 5 1/4" drive (1.2MB):
  - a) Copy the entire contents of both enclosed 5 1/4" disks to your HIGH DENSITY 5 1/4" disk.
  - b) Place the new HD game diskette in drive A:, change drive specification to A:. Type **REALBLJK** and press **ENTER**.
  - c) You must leave the diskette in the drive while playing the game.
5. To use on a 360K 5 1/4" drive:
  - a) Place the backup disk you made in step 1 above, labeled "**PROGRAMS DISK**" in drive A:, change drive specification to A:. Type **REALBLJK** and press **ENTER**.
  - b) Leave this disk in the drive until the program instructs you to insert the "**HELP/DATA**" disk. You will have to switch these two disks whenever the program instructs you to do so.

See the **HELP instructions within the game** for additional information on **SPACE** requirements and options for **SAVING** sessions to disk.

## HOW TO RESPOND TO THE ACCESS CODE REQUEST

Each time you enter the game, a screen will appear requesting you to enter an **access code**. You will be given a page number, a column letter and a row number. Look up the **5 digit number** at the given coordinate in the centerfold section of these instructions and **type it in**. You have three tries to properly enter the needed access code. If you fail to enter the correct code in three tries, you will be returned to DOS.

## HOW TO USE THESE QUICK REFERENCE INSTRUCTIONS

For more complete game instructions and rules of **BLACKJACK**, select the **HELP** key available on the **MAIN MENU** screen. Use the instructions on these pages as a "quick reference".

This game is primarily controlled by the use of your keyboard's **FUNCTION KEYS**, labeled **F1** thru **F10**. In all cases, the options immediately available to you will be clearly shown at each screen. **THERE ARE NO COMPLICATED COMMANDS OR OPTIONS TO MEMORIZE OR WRITE DOWN FOR YOU TO EASILY USE THIS GAME.**

The format of these quick reference pages will be as follows:

**F/KEY#**

**LABEL**

Explanation of the use of this key within the screen it appears on.

---

The following **FUNCTION KEYS** appear on several screens:

**F9**

**EXIT**

Use this key to **leave the function** and go back to the prior screen.

**F10**

**BOSS**

Use this key to **temporarily "blank"** out the screen to protect your privacy. Press any other key to return to the game. If you press the **BOSS** key **twice** in succession, the **session** is saved using a special name and the game ends immediately.

The following keys are also used in several screens:

**ESC**

You may use the **ESCAPE** key on your keyboard in some cases as you would use the **EXIT** key above, when an **EXIT** key is not available.

**←**

Also called the **BackSpace**, this key can be used to **correct a mistake** when typing names or numbers on some screens.

**↑**

**↓**

These keys are used to **point to choices** in certain screens. After pointing, use the **ENTER** key to complete the selection.

**Q**

This key appears on some screens and can be used to **print the screen**. Make sure your **printer is on** and is properly loaded with paper.

## KEYS APPEARING ON THE MAIN MENU SCREEN:

F1

HELP

Use this key to **access** the **HELP** system for the game. The **HELP** system contains a detailed explanation of all screens, required actions and examples, including a discussion on the game of **BLACKJACK**.

F2

DEAL

Use this key to **begin play**. If you have not specifically selected players for the session, you will enter the "**QUICK DEAL**" screen, explained in detail within the on-line **HELP** system.

F3

SET-UP

Use this key to **select** the players, their types (**manual** or **automatic**) and to view or change the **House Rules**.

F4

TUTORS

Use this key to **view** or **change** the current **warning level** of the Play and Money management **tutors**.

F5

STATS

Use this key to **review** the player and dealer **statistics** accumulated during the session. This key is also available from within the Play screen.

F6

DEMO

Use this key to start an **automatic short demonstration** of the various game features. When this demo is completed, you will be returned to the Main Menu screen.

F7

SPEED

Use this key to **review** or **change** the **speed** at which the cards will be dealt. Speed zero is slowest, 50 is fastest.

F8

SOUND

Use this key to turn the **sound effects** on or off.

F9

QUIT

Use this key to **end your session**. You will be given the opportunity to save all settings and statistics for future resumption.

## KEYS APPEARING ON THE PLAY SCREEN BEFORE A HAND IS PLAYED:

F1..F7

\$AMOUNT

Use these keys to **enter the bet** amount for each active player. You can also type in your desired amount if it does not appear on the pre-set F keys.

F9

TUTOR

Use this key to ask the tutor for betting **advice**.

## KEYS APPEARING ON THE PLAY SCREEN DURING THE PLAY OF A HAND:

F1

STAND

Use this key to **stand pat** with the value of your current hand.

F2

HIT

Use this key to **draw** an additional card for your hand.

(the following 3 keys appear only when appropriate)

F3

DOUBLE

Use this key to **double down** (double your bet and draw just one more card).

F4

SPLIT

Use this key to **split** two cards into two new hands if they are a **pair** of equal value.

F5

SURREND

Use this key to **surrender your hand** (give up 1/2 your bet).

F6

STYLES

Use this key to **display** the current player **styles or tutors**. The first line displayed shows the play style or tutor in use. The second line shows the Money Management style or tutor in use.

F7

MONEY

Use this key to **display** the player's current **bankroll**.

F8

COUNT

Use this key to **display card counting** and other important status information.

F9

TUTOR

Use this key to **obtain tutor advice** prior to your action.

## KEYS APPEARING ON THE PLAY SCREEN AFTER A COMPLETED ROUND:

F1	DEAL	Use this key to <b>deal</b> another round.
F2	MENU	Use this key to return to the <b>Main Menu</b> screen. From there, you may change or review player and/or house rule settings and return to play.
F3	TIME	Use this key to <b>display</b> the current <b>time</b> of day (appropriate only if your computer clock is set correctly).
F4		This key is intentionally blank.
F5	STATS	Use this key to <b>review</b> session, player and dealer <b>statistics</b> . When done, you will be returned to the Play screen.
F6	STYLES	Same as on the Play screen during play, but for all active players.
F7	SPEED	Use this key to <b>review</b> or <b>change</b> the <b>speed</b> at which the cards are dealt.
F8	COUNT	Use this key to <b>display card counting</b> information between hands.
F9	MONEY	Same as on the Play screen during play, but for all active players.

## KEYS APPEARING ON THE STATISTICS SCREEN:

**F1..F6**

**PLYR #**

Use these keys to **select** the specific **player** and screen number to review (each player has 2 screens of information).

**F7**

**DEALER**

Use this key to **review** the statistics collected by the **Dealer**.

**F8**

**PRINT**

Use this key to print the current screen **information**. Make sure the printer is on and is properly loaded with paper.

**F9**

**EXIT**

From the Session Summary screen, this key will **return** you to the original screen from which you requested stats. From a player or dealer screen, it will return you to the Session Summary screen.

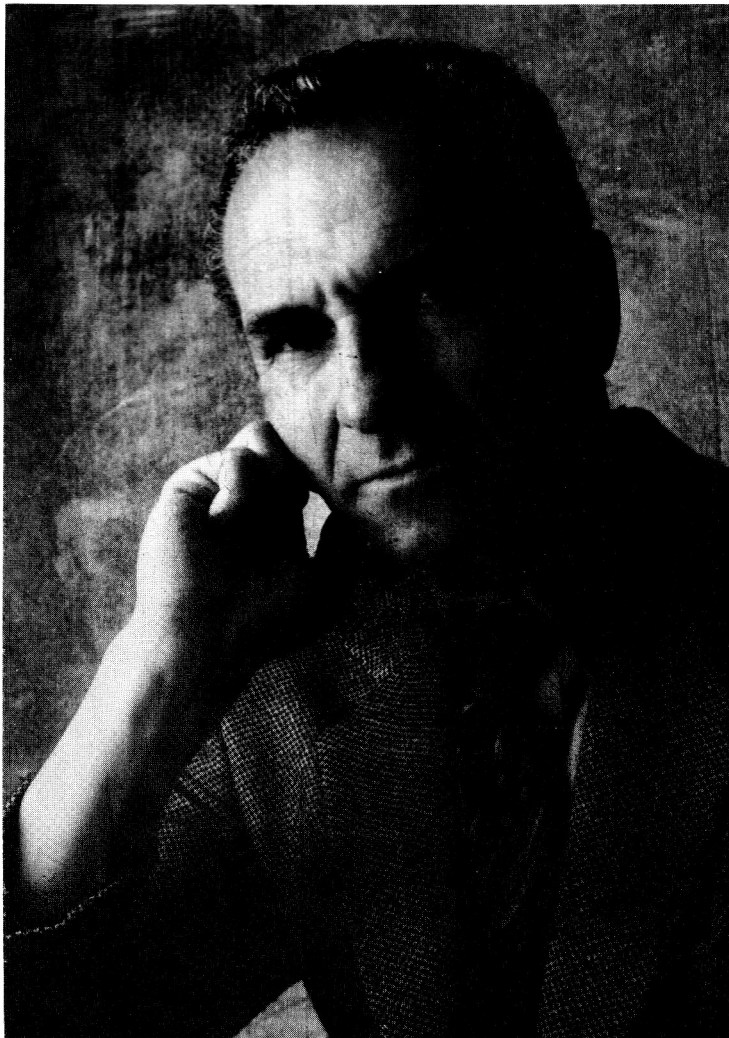

There are other sets of F keys which will appear during your session. They result from taking some of the actions described above. For a full explanation of all the options available in this game, it is recommended you make at least one serious pass through the **HELP** facility available on-line.

**Dr. Edward O. Thorp**

Dr. Edward O. Thorp revolutionized the game of Blackjack with his book **Beat The Dealer: A Winning Strategy for the Game of Twenty-One**. He presented for the first time a mathematical system that gave the player an advantage in a major casino gambling game. After winning in the casinos, he launched a generation of card counters with his books and the associated publicity.

He has also written **Elementary Probability, The Mathematics of Gambling**, and is co-author of **Beat the Market**, as well as numerous mathematical papers on probability, game theory and functional analysis. He has taught at U.C.L.A., M.I.T., New Mexico State University and the University of California, Irvine.

Dr. Thorp has gone on to apply his theories successfully in the securities markets, where he is currently active.

**YOU ARE INVITED TO PLAY...**

**YOUR PERSONAL PARTNER AND TUTOR**  
**THE BEST**  
**COMPUTER POKER GAME**  
**ANYWHERE!**

Equipment required: IBM PC or Compatible, CGA, EGA or
